1. Georgian Glow

Classic elegance is the best way to describe this Bolection fireplace from Pinckney Green. This Georgian design will tie in beautifully with the Georgian architecture of many Bristol houses and, crafted from Bath stone, will provide a lovely sense of local connection. The Bolection is just one of an incredible range of hand-carved, natural stone fire surrounds and hearths produced in Pinckney Green's workshops just outside of Bath. They produce period and modern fireplaces in a range of natural materials from local Bath limestone, Cotswold limestone to Portland stone. The Bolection design starts at £1,700 from Pinckney Green Fireplaces 01179 372555 Greenway Farm, Bath Road, Wick, BS30.
